Ken,

This letter of recommendation is written on behalf of Allied Building Service. We have used Complete Site Development on many projects throughout the years and will continue in the future. These projects have ranged from small single day jobs to large site development projects that have lasted months. All work from Complete Site Development has been above industry standards and completed on or before our schedules. I would recommend his services to all and will continue to utilize him as one of my preferred subcontractors in the future.
